## Summary

Dedicated and motivated BCA student seeking an internship opportunity to apply and enhance my programming and software development skills in a real-word environment.

## Relevant course work:

Web Development, Database management, Software Engineering.

Web Development: HTML, CSS, JavaScript, PHP, Full-stack (MERN).

Software Tools: SQL, Mongo DB, Express, Node JS, Git & GitHub, VB.Net

## Skills Projects:

### □ E-commerce Website (Class Project-2023) :-

Developed a functional e-commerce website using HTML, CSS, and JavaScript. Implemented user registration, product listing, and shopping cart functionality. Collaborated with a team of students to complete the project.

### □ Inventory Management System (Personal Project-2021-22) :-

Designed and implemented a HTML, CSS, and JavaScript inventory management system. Utilized data structures to efficiently track and manage inventory items. Demonstrated problem-solving skills in handling various inventory scenarios.

### □ Blogging Website (Class Project) :-

Created a blogging website using PHP and MySQL for backend functionality. Implemented user authentication, blog post creation, and commenting features. Collaborated with peers to ensure a robust and user-friendly platform.

## Work Experience:

PHP Developer Intern

**Reliable Services** — [Raipur, Chhattisgarh]

*June 2025 – August 2025*

- Worked on dynamic website development using Core PHP and MySQL.
- Assisted in backend logic and form validations.
- Collaborated with senior developers to debug and test modules.
- Gained practical experience with client-side scripting using JavaScript and jQuery.
- Helped in developing responsive pages using Bootstrap.
